Hi! My name's Laura. I'm eleven and I'm Mexican. I study at a bilingual school in Yucatán. My favourite subjects at school are English, Music, Art and Computer Studies. I have three best friends. In my free time, I like to write on my blog and watch TV.

Carlos is Mexican, like me. He now lives in Yucatán but he is from Mexico City. His favourite subjects at school are Science, History and Geography. He wants to be an archeologist when he grows up. He likes sports. He can play basketball, roller skate and surf.

Marie is from France. She lives in Paris. She is my e-pal. She is twelve and her favourite subjects are Art and Music. She likes to play the guitar. She can sing very well, too! And she is an excellent painter!

George is from England. He is from Exeter but he lives in Bristol. He likes Computer Studies and Maths. He wants to be a Maths teacher when he grows up. In his free time he likes to learn languages. He can speak English, Spanish, Italian and Chinese!
